

Heatherley 16th Aug Alex, Derek, Khalil 140

Bill.

My name is Bill. I am Michael's brother. You remember when I was killed and ~~you~~^{he} helped me and I was in that room all alone ~~you~~^{he} came to see me. I am Michael's brother from Seneca Falls. First time I've done this, I've been told to use his body for this.

Hey man (Khalil). There's a job there, grab it. I'm very worried about Michael. Sitting on his arse doing nothing. Tell this guy to grab a job.

Forget of the 'A' levels and examinations and of 'O' levels. It is what you are and who you are that will become. It is there for you, I have made it possible for it to be by your essence. I speak to you Khalil. Your work, your ambitions are dependent entirely upon yourself. I have opened the way for you. I will not tell you who I am, but I am friendly disposed towards you and I will help you —
I am going from you
