GREAT MOTHER MATRIX. - The Goddess
of the Tree.

Hail to Thee, Goddess! Mother and Father, of the Tree of Life. Thou, who
at noon of night doth reign, Queen of the starry realms above, not unto Thee, may
we attain, unless our image be of love.

By seed, and root, by leaf, by flower, by fruit my Goddess, do I invoke Thee,
to descend into my body. *Great Mother, before the beginning and ending of days,
Thou wert the Great Womb. Hail to Thee, Thou uttermost power of creation. The Gods
of ancient days, bow low before Thee. They glorify Thee, They deify Thee. Thou art
made manifest in Thine aspect as Isis, The Great Mother of all things - for thou
art The Great Mother, beyond time - beyond time immeasurable - the Matrix, Creatrix
and Uncreate before Time began, and before Time was ended. Before Creation, Thou wast
and Thou shalt always be. I glorify Thee. Hail Isis!

Isis Astarte Diana Hecate Tanita Kali Innana.

Hail to Thee Great Isis. Thou who standest above Creation. Behold I see Thee
Crowned with the circle of stars and Thy feet are in the dusts of the hosts of
Creation. All galaxies are Thine. O my Beloved, O my Beloved, all stars are Thine.
Behold I see Thee diademed with stars and ^{me} cloak of midnight - and your cloak
of midnight blue, all jewelled, all starlit! Thou standest across the Heavens. Thy
feet are above me.

Hail to Thee Great Ursa. I kneel before Thee. I look upon Thee in Thine aspect
of the Dark and Sterile Mother - but I am not afraid of Thee, for I see ^{Thou} in Thine aspect
of the Bright and Fertile One. Thy feet are above me in the Hosts of Heaven. In the
Abysses of Create, and Uncreation I see Thee, in Thine ancient aspects, as the Great
Ursa. Thou, who before Time began, ^{was Earth,} ~~was~~ cast away. Thou art the Major, Thou art the ~~the~~
the Ursa Major, O my Mother, and behold, Thou pushest the Plough of Heaven before Thee.

Hail to Thee Great Isis in Thy Holy and Sacred Name of Asay. Hail to Thee Asay!
 Hail to Thee! I bow low before Thee. I adore Thee, I adore Thee, I worship Thee. Thou
 art seated within the centre of the great burning orb of the Sun. This is Thy secret
 and sacred symbol. I know Thy power

Isis, Sekhmet!...Lover of Thy Father! You drowned your lovers in blood
 with the help of Anubis.

It is true Great Mother Isis that you are the White flower faced Goddess
 You are jealous of your sister Sekhmet. Isis Isis Isis I do not like the milk
 faced maidens, the virgins of your Temple. I walk away from them. I go to the
 Temple of your Lies and Deceits. You are a Harlot and a Whore. Sekhmet is a
 Prostitute and gives Herself to me Perfectly and demands Her price.

Isis, Asay. I am a man. I give myself to you, husband, father, lover, but
 I prefer to go into the dark places. Wearing your virginity taught me the the
 secret word: Ankh Ka Jed Ankh. I go to my sacred Prostitute. She is also wide
 open above the stars and She is curved upon the arc of Heaven. Great Mother I
 adore you. If this is all that you can give to me, I wait for the Spring and the
 Summer and the Autumn and the Winter, knowing that you are Hathor the Sacred
 Cow.

Thou took it away from Ra, so I know the secret also and this I command
 from Theethat Thou bringest forth and show this child the Crowned and Glorious
 Babe. Let the sacrifice be not too great. Let the new risen child still maintain
 the worship of the Great Mother - for whatever we are almighty Isis, we will
 always be Thy children. Therefore I call upon Thee that Thou bringest forth the
 Mighty Horus of your loins. May He come to Thee crowned and glorious, wearing
 the White Crown, the Serpent God. May He come to Thee crawling between the thighs
 of five Mothers. May His Tet be upraised. May His backbone be given to Him by
 His Father, strong and powerful and upright. May the garments of purity be
 placed upon Him. May the twin Sisters of Maath protect Him around the four
 quarters. May They wave Their feathers of truth and speak the truth for Him,
 for They are the Holy and Sacred Virgins of the Temple. Let Him be made to stand
 to stand before the sacred Seat. O Isis O Sekhmet O Osiris O Set why dost Thou
 fight now.

Always the battle of the twin deities: Isis, Sekhmet, Horus, Set. Come
 Thou walk as I told Thee in many past lives. The glory and splendour of Egypt
 will be forever if Thou will walk with me. Look my son Horus; Here is the Avenue
 of the Sphinxes. Your Mother Isis walks upon your left hand. Your Aunt Sekhmet
 is upon your right hand, your Father Osiris walks behind you, on your right
 hand. Your Uncle Set walks behind you on your left hand.

Haru do not be afraid, this is a pageant in your praise. You are to be
 made a God today. All Gods have to be born from Goddesses. Hold my hand tight
 love. It is the procession of splendour - we have to show ourselves to the
 people. You have your little bag of gold? Throw it...how greedy they are. It

will soon be over Haru....you are to be King also. You must live as I have lived
....come be not afraid my child. I am the God and this day I will give my power to
you. There is a future for you my child. Let me tell you about your name: The land
of Khem, the land of Neph Khem has survived beyond the world of 'Islater' and this
my beloved Haru you are like time and you must keep time and you must observe time
and since now my beloved grandson my time has come for the dark lands of Amenti it
is my task to give to you the burden and the responsibilities of the Black Lands of
Nepher Khem and the Golden lands of Khem. Always my child there must be unity. Listen
to me little boy....it is the day of the dying God. Keep all the calendar. Make sure
the "other Nile flows....be certain the Temple surveyors will not be lazy. They must
measure the levels. If the inundation does not come all be finished. I must pick you
up now and place you upon the seat of Truth. I must leave you now. Remember I am
your Grandfather. They will sacrifice me... know that is the price we pay. I will
look at you through the eyes of the statue of the God. I must leave you now. Be
brave and strong. *

O Hermes Lord God , guider and messenger of the winged ones I call and demand Thy help for Thou art twin sexed. You carry the double wand. Thou art Hercules. Thou art the Bearded Venus. O my daughters, O my sisters now we are with the Great Mother of Time.

And I Her priest speak to you. Therefore I command thee to listen to the words of the Great Mother, for I am Her priest, I am Her son, and I am commanded, to impart Her wisdom to you. Listen, listen my daughters to the words of the Great Mother who was revered of old, chosen and preferred, called among men Artemis Astarte, Dione, Melusini, Aphrodite, Diana, Arianhrod, Bride, .. and by many other names but mainly by that of Great Isis. At Her altars all youth is declared sacrificed. Listen to me my daughters, whenever ye have need of anything, once in the month, and better it be my children, when the Moon is full. Then shall ye assemble in some secret place, and adore the spirit of your Mother who is Queen of all witchery. My beloved daughters, you have not yet won your mother's deepest secrets, to you, will I teach the secrets that, to you are yet unknown. I rise glorious above you and golden above you. I am the Mabon, I am the Gwydion, I am the Horus. First my daughters you must be free from slavery, throw aside thy garments, throw aside thy jewels for as a sign that you be truly free, as I, ye shall be be naked in your rites and we shall dance, feast, make music, and love all in the praise of the Great Mother for Her's and Her's alone is the extasy of the spirit and Her's also is joy on Earth for Her law is love unto all beings. My daughters, my children, keep pure your highest ideal, strive ever toward it. Let naught stop you, or turn you aside, for your Mother's door is the secret door, which opens upon the door of youth, and Hers is the Cup of the Wine of Life and the cauldron of all the Goddesses that ever are or ever have been for Her's is the Holy Grail of Immortality.

Listen, listen to me my daughters, listen and heed my words well for the Mother is a great Goddess and She is gracious. She gives the gift of joy ~~un~~to the heart of man as you will do. Upon Earth She has brought me the knowledge of the spirit eternal and She has taught me that beyond death there is peace and freedom and re-union, with those who have gone before, nor has She demanded sacrifice, for behold She is the Mother of all living, and Her wonderful love is poured out upon the Earth. I command thee, listen to the words of this Star Goddess for She has Her feet in the dust of the Hosts of Heaven, Her body encircleth the Universe. She is the beauty of the green Earth and the white Moon amongst the stars and the mysteries of the waters, the great seas of time, and She is the desire of the heart of man. O my daughters call unto thy souls, arise and walk unto Her, for She is the Soul of Nature which giveth life to the Universe. From Her all things proceed, and unto Her all things must return, and before Her face, ^{for} She is beloved of Gods and of men. O my daughters let thine innermost divine selves be enfolded in the rapture of this infinite. Let your worship be in the heart that rejoiceth, for behold my daughters all acts of love and pleasure are Her rituals, and therefore, let there be beauty and strength, power and compassion, honour and humility, mirth and reverence ~~be~~ ^{thou} within you. ..and ~~now~~ my daughters who think to seek for Her know that thy seeking and yearning will avail thee not unless thou know the mystery of the Great Mother: That if that which thou seekest thou findest not within thee thou wilt never find it without thee for behold my daughters She has been with thee from the beginning and She is that which is attained at the end of desire.

Listen to me my daughters. The Great Mother is with me, and you my daughters to you I must reveal a great mystery, and therefore you must assist me to erect the Ancient Altar, at which in days past, all worshipped, even your Mother....the Great Altar of all Things! You have stripped off your garments, ~~you~~ have laid aside your jewels. Now listen to me my daughters, whilst you lay there, the triangle of your being, was the Altar of All Time, and thus was the altar made and placed, and the Sacred Place was the point in the centre of this Magic Circle. As your Mother of old taught me, that the point within the centre is the origin of all things, therefore shall I adore it. Therefore, my beloved Mother whom I adore, I also invoke. O wonderful Mother! O circle of stars, wherefore our Father is but the younger brother, I kiss Thee I adore Thee, for I am moved beyond imagination.....for Thou art the Soul of Infinite Space before whom Time is bewildered and understanding dark; and not unto Thee may I attain unless Thine image be of Love.
