

Dear Charles

Will be hear from you again.
I am afraid that I have never
heard of Charles Cardell or Allen?
Ellis, so cannot tell you anything
about them. Best of luck to you in
winning the £5000.

Dear Gerald

Greetings! my old friend, and
hope you are enjoying good health, as I am
myself - There's not many of the old groups left
you know, I miss well my two old friends
Michael Houghton, and especially old Gerald
Gardner..... Yes I'm still the lone "MESSENGER"
more so now! who still goes around protecting
those from evolution by the Press, some one is
trying to dig up the past, and should we be forced
to return to do combat, then all hell would be
let loose, Many of my old friends have settled
down, content that in the past, they did what
had to be done..... and I for one, will not let
Charles Cardell and Allen J. Ellis open up the
old score... This he is about to do in a legal action
that a witch, one of old Gerald Gardner's group has
brought against him in an action for slander - he intends
to prove, that all witches are immoral, thus it's not an

action for either libel or slander.... he's digging
deep, and must be stopped... He issued out a £5000
Challenge, and included a Black Decept.... I've accepted
the Challenge, and so against him before Witnesses, his
own, on 30th April 1965. The only Right allowed
to me, for its also the Feast of the Jackal; headed
the sigil I've always used Anubis - I just won't
let them bend old Gerald's Name into the dust
of obscenity - because he was a fine old man, not
perfect, but who is.

What do you know of Charles Cardell, or of Allan
J. Ellis, that would help those who follow the old
religion - An article many years back in a Brighton
News Paper is reported, that a Certain Black Magician
saw the light and gave up his practices - I still
believe that the Man in question was Allan J.
Ellis, the article was written by his son Peter Ellis
in a Brighton News paper.... Another of my friends
Doreen Valiente (Remember her) reads his vital information

Sincerely yours

Charles
