Dear Derek Taylor,

Enclosed is a copy of an article by Barbara Clow on her experience at Teotihuacan which I thought you would be interested in . The medicine man mentioned in the article, White Eagle Tree lives up the road from me and I have participated with him in some pipe ceremonies.

I have made some copies of the transcripts you sent and have distributed them around. I would like to read any others you have which you think would be pertinent to my situation here. I would be glad to pay whatever expense is involved.

Have you read Robert Temples SIRIUS MYSTERY? It is published by Destiny Books, One Park Street, Rochester, Vermont 05767. It is an amazing account and well documented. Anyone who is interested in extraterrestials should certainly read it.

Hope all goes well with you.

Had an inquiry from Mrs. Jess Cormack, 16 bury road, Suffolk IP28 6LR phone# BURY 704881. She is interested in and sensitive to this shift we are passing through so you might want to get in touch with her.

Sincerely
Gene Johnson
