Notes made by Dave Evans who sorted through Alex Sanders collection when first donated in 2002

Sanders Collection 13-3-2002

One cardboard box was sorted. It contained a large volume of duplicated papers; which were arranged as follows

The Nova Papers (several subdivisions (plus duplicates and part sets)

* The Mysterious Angel Pentacles of the Planets
* Cabbalistic Cross Ritual
* Message of The Divine Light short version
  " " " " long version
* An Introduction to the Space Work
* The Space Work (aka Earth Apocalype 1986-2012)

The Scales of colour (≏ 30 folders, one for each page, plus outtakes)

* Exposition of the Wicca

Those items marked * have been taken in exact copy or photocopy form for Prof Ronald Hutton - he has a copy of the full NOVA transcripts only.

I also took, with Grahams consent/invitation, duplicated originals or photocopies of the above, for my own research.
