WATCH FOR THESE SIGNS FROM ANGEL RAPHAEL.

If a fern or weed appears where none was before, especially if growing in a wall or roof guttering, or between flagstones. The gift or appearance of yellow flowers. Visiting any place where aspens or silver birch trees grow, or a strange rustling in such trees.

A bird entering your home, or taking up residence inside or outside the house. The gift of a caged bird. If you have talking bird, listen to it, for the Angel Raphael can make it speak a message.

A plague of flies in your house for no known reason is also a lucky sign. You may get rid of the flies without offending the Angel Raphael, he merely uses them as a sign.

If you dream of monkeys, or somebody tells you a tale about them, or if you receive a gift of anything in the shape of a bird, monkey or fly.

If you break a mirror accidently, IT DOES NOT MEAN BAD LUCK, but is a good omen from the Angel Raphael, as mirrors are backed with quicksilver, or mercury, his own metal. Or if somebody gives you a mirror, or the mirrors in your own home cloud over for no obvious reason.

If many visitors come to your home, or if your made to take a sudden and unexpected journey, or you even get more letters than usual. All these things are signs from Angel Raphael that he is active in your affairs, and the same applies if you see quick darting lights.

IMPORTANT NOTE......Letters to the Angel Raphael can be written in either the Theban Script or the Passing of the Rivers, just as you prefer, you can even use a mixture of them both, as this Angel works well in ALL scripts

MAY THE ANGEL RAPHAEL GRANT SPEED TO YOUR REQUESTS.

THE OCCULT ANATOMY OF THE BODY.

The knowledge of the effect of this occult anatomy is extremely important for every adept who wants to know his body, to influence and to control it.

I shall therefore describe this occult anatomy of the human body with respect to the electrical and the magnetical fliud that is to say in the negative and positive sphere of action.

These arguments will turn to a magnetopaths great advantage, because according to the center of the disease, he will treat the sick part of the body either with the electrical or the magnetical fluid. But this knowledge will bring great profit to everybody else too.
